3 Podds, 1 Chrome

MinecraftOnlineDotCoom

Summary:

When player Chromaticals is on a walk through a forest, she meets 3 identical Podds. There's only one thing to do-- have an orgy in the middle of nowhere. But, with an interesting fate awaits her at the end of mind-shattering orgasms.

As Chromaticals walked through the forest, she pondered about her long gone friend, HZ.. When Chrome found a nice creek with a slab of rock, she sat down.

While deep in thought, she saw something move out of the corner of her eye. It wasn't one thing, it was multiple people moving towards her, weaving through trees. Suddenly, a familiar player landed in front of her.

"P-podd! What are you doing here?" Chromaticals exclaimed.

Then, two other identical Podd's landed next to her. Except, their pants were missing. Resting on the bottom of their shirts was a meaty juicy 7 inch

penis.

Chromaticals was salivating.

"I was just in the area," The first one said, "wanna fuck?"

That was all she needed and in a moment she was being stripped of her white wool clothes. She bent over, now naked.

A Podd slipped out of sight, and she felt hands resting on her shoulders. Another one positioned himself under her, dick rubbing against her loose cunt, waiting patiently. Finally, the third one put his cock to her lips.

"Now, boys. Let's have some fun."

The cock slipped into her wet mouth. One slipped into her juicy cunt, filling her. Another entered her ass. They all moved in sync, and in an instant she was already reeling from the pleasure of being filled.

As they pistoned in and out she felt pain in her rear from being stretched so badly. However, soon the pain turned to pleasure as the penis dragged along her inner walls.

Chromaticals continued to suck the dick implanted in her mouth as she bobbed her head up. Her sloppy blowjob continued for minutes as she was simultaneously full.

She clenched and unclenched her inner muscles as the Podd who's dick she was sucking slapped her cheek, wet with cum.

"You dirty whore! Taking our cock's so well." One Podd half insulted and half complimented.

They sped up, unfilling and filling her cunt, ass, and mouth rapidly. Her several organisms had already acted as lubricant for the friction occurring inside of her, and the one in her ass had cum so much it was practically falling out of her. However, the one in her mouth seemed to be more keen on keeping his orgasm.

After a few minutes, they all reached a high as all 3 Podds cummed. The dick in her mouth released sticky white ropes of cum. Chromaticals tried to keep it all in but it crept out of her mouth as the dicks were removed.

She swallowed, and fell over, spent and used.

"You thought we were done with you?" One of them asked, as the three grabbed her and carried her away while disoriented from the pleasure.

The white-skinned woman awoke possibly hours later when she felt a sharp insertion in her rear. The woman could feel hands grabbing and hoisting her and she was inserted onto some sort of mechanical horse.

The thing in her ass served to stretch her ass much as possible, slowly increasing in size. A sort of gag was placed in her mouth, spreading her mouth open with a wide hole in the center.

The design was insidious as she made a noise, trying to get off when the hands moved away and she was tied to the machine. It was then she realized she was in a small room, and as they harnessed her to a small hole in the wall at her mouth, it hit her like a truck.

In her line of sight was a mirror that reflected a third person view of her as she saw a giant dildo partly sticking out of her ass.

"You slut. You'll probably enjoy this!" She heard the coarse voice of a Podd as the machine started up.

As soon as the light flashed green, the saddle of the horse began to vibrate on her bare pussy. The dildo in her ass pistoned in and out, how, she didn't know.

However, that wasn't the worst as a meaty dick slid through the hole, slick for her consumption.

As she sucked it, she glanced at her pleasurably tortured body. Maybe this wouldn't be so bad after all.
