Don't like, don't read

Upload of ingame books.

It had been 24 months since the incident. 24 months since he taught Rain to give head, 24 months after he had been banned, forever. They tried to get rid of him.

He had become hated, hunted, and eventually removed.

Otis felt a sense of bliss when the message appeared, he had gotten what he wanted, on his terms. He knew that it was trivially easy to do such. All he did was devolve into degeneracy temporarily. From there, they did it all.

He snapped back to attention, now facing the 15 She looked the same as she did those few years ago.

The dawn of the EPU was in silence, as he was recruited to their ranks along with Jamie and CloneM. Their assignment was simple. Destroy the pond and the base with it.

What they found when they arrived through the dense jungle was more surprising, and the other two shared a look with Otis, who was now staring. There was RainBD, or Rain for short. The girl who had gotten him banned.

Otis fumed with anger as he saw her playing with bees,

"Jamie." That was all that was needed for the troll to notch his bow and fire at the swarms of pests.

Swiftly and quietly, it landed inside the bee, killing it instantly. A shriek of terror could be heard from the girl as they ran the perimeter, surrounding her to ensure no escape.

"O-otis? But you're--"

"Shut up, cunt. Jamie, CloneM, restrain her." He ordered with a booming voice.

She was stuck. The two moved into position, locking her arms and legs with their hands.

Otis made a motion with his head, and CloneM tossed a small knife.

"N-no! Please, I'm sorry!" She begged for her life, much to the amusement of Otis.

A chuckle could be heard from CloneM. "Don't be scared, girlie," he spoke in a low voice, "we're just getting started."

With a swift move of his hand, Otis dispatched the bee lover's clothes with his knife. Her bare form bathed in the sunlight of the afternoon, though she quaked.

He knew he was unstoppable, with only three people, they would destroy the server.

The trio of griefers looked at her developing breasts, still quite full for her age.

"Damn," Jamie said, "you're a lucky guy, Otis."

Otis reached his hand out to grope the still restrained girl's supple breasts, making her whimper in fear.

"You have no power here, Rain!" He paused. "So don't make a noise or I will crush you like the bug you are."

She nodded frantically.

"Good. I won't even gag you, so you can hear the slut that you are."

He pulled a carrot from a bag at his waist. Her eyes followed his hands. "Oh, so you see this bag? This is what I will be using to punish you."

"Otis! Please! Whatever you're going to do, please don't do it!" Rain screamed.

"I told you to shut your trap!" He reached his hand back into his bag, pulling out an apple and shoving it into her mouth, silencing her fearful cries.

He gave the carrot a look then dragged it from her chin, between her breasts, over her thin stomach, and above her prepubescent clit. She ached with the stimulation. A moan was forced out of her, through the gag.

A shiver rippled through her body as her pussy clenched, though the carrot did not move from where it rested.

Suddenly, the carrot angled itself pointing down as he shoved it in. It stretched her walls, a burst of pain erupting from Rain as she tried to wiggle away.

Moisture was building on the vegetable as he shifted it in and out, bringing newfound feelings to the young girl.

"Say you like this! Say it!" The trio snickered. The apple was pulled from her mouth, drool spilling from the sides.

"P-please..." She sounded broken, and she was. A deafening version of her former happiness.

"Say you want this! Else I'm not stopping! Say you want my meaty cock in between your thighs, that's all you're good for anyways." His torturous voice shook with rage.

"I-i want this! I w-want your cock," She started, "in between my legs, please!" A laugh erupted from his chest. "Atta girl."

The carrot pulled out, ceasing its motion against her inner walls. Though the object was removed, she still was wiped out.

The other boy's watched in anticipation as Otis unbuckled his pants, dropping them to the ground.

She tried to move again, crying for help as the apple was reinserted into her mouth to silence her cries.

A barely heard gurgle echoed over the pond as Otis fitted his 6 inch penis to face her vagina. She struggled more as his member forcibly entered her.

RainBD screamed.

It was that moment when she fully broke. Whether it be from the pain of him stretching her, or the trauma she would endure for the rest of her life, no tears came out as he pistoned in and out of her.

In, and out. In, and out.

After several minutes of hard anticipation from the one's restraining her, Otis felt his balls clench. At that moment, Rain was sent over the edge. Her first orgasm, soiled by him. Forever.

The semen dripped into her, slipping past the dick inside of her and into her young womb. His seed was strong, and she was thoroughly saturated.

They dropped her, without a sound of protest as she hit the dock's floor. They walked away, now with raging hard-ons for the little girl.
