• Welcome to the Staff Team!

MinecraftOnlineDotCoom

Summary:

Darkrai is horny. And when he's horny, he doesn't stay that way for long. He finds long-time player DeadInside and recruits her to become a moderator—for a price. Watch as she realizes the price all moderators must pay, the hard way.

Darkrai looked over files. The Admins had an extensive list of possible Moderators to promote, and he was feeling horny.

His thick fingers caught a file, a young girl, named "HelpMelmDeadInside". He thought nothing more of it and pulled it out, looking at the picture lovingly. She was only 15, yet he felt a strong lust for her.

With a quick snap of his fingers, she was in front of him on a brown stained couch, laying down.

She instantly sat up once seeing him, an Admin overlord. Her body was curvy, he noted. Much skinnier than him. That's how he liked them, anyway.

"Dead. You submitted a staff form a few weeks ago. I just have a few questions." He spoke in an official tone.

"I'm fine with answering any questions," The young brunette said, "anything at all!"

He noted her innocence. Little did she now in just a few minutes he would have her wet mouth around his penis. "Well, first things first, why do you like MinecraftOnline?"

"I love MinecraftOnline because there's really nowhere else as special as it. It has many interesting people!" Dead responded.

"Secondly," Darkrai questioned, "would you do anything to be a moderator?"

Darkrai noticed her twitch at the word anything. Perhaps some part of her knew, a primal instinct flaring up inside her brain.

"Of course!" The girl responded after a moment of hesitation.

The admin thought to himself how perfectly this was all going. If she was as dumb as he thought, he could get here to do anything he wanted, even ruin her purity, all for a blue name.

"Now, I am willing to make you a moderator, if you do something for me." He started, "I want you to take off your clothes."

She recoiled in shock. "W-what? What the hell!" It half pulverized him hearing those words from her mouth. He didn't expect an H word to slip.

Darkrai snapped his fingers and all her clothes were gone, eliminating the choice. At the same time, his baggy trousers disappeared. He stepped forward and readied his dick against her dry snatch.

"Come on. You know you want this. Think of the hammer, the Room 101, and the blue name! It can all be yours, for just 5 minutes of your time!" Darkrai persuaded, watching her emotions change from betrayal to acceptance.

"O-okay." Dead spoke.

The admin soon realized that Dead's pussy was becoming welcoming, and was now wet. "Whore."

Suddenly he plunged into her with his 4 inch dick, pushing her insides apart so he could fit. The two of them let out a moan of satisfaction as he began to thrust again and again.

Soon enough, they were reaching a climax as Darkrai slid in and out the young girl.

With that, he grabbed her soft brown hair and put his small dick to her lips. "Suck."

Readying himself against the sofa, he pushed one final time, releasing his semen into the soon-to-be-moderator.

She fell back, her skinny white skin resting against the couch. Darkrai watched in disappointment.

"We are not done here, Dead. You still have to earn being a moderator."

He could see an inner battle rage behind her eyes, waging the pros and cons of giving him oral. Eventually, Deadinside reached one and opened her mouth to grant him a sloppy blowjob.

The sound of her small mouth moving back and forth on his drenched penis and the stimulation made him moan. He grabbed the back of her head and pushed farther.

Bent over and submissive, he pistoned in and out of her warm mouth in a series of motion comparable to a wild animal's frenzy. When he came for the second time, he pulled out and slapped her cheek.

She recoiled and fell onto the ground and spoke. "Am I a moderator now?"

"As long as you do that every day," He smirked, "dirty whore."

With the degradation complete, he snapped his fingers once more and she was dressed in moderator attire, now fitted with a blue name. "Welcome to the team."
