Summary:

What happens when, on the 12th birthday of MinecraftOnline, Jimmyd93 makes an offer to a young redstoner. What happens, when she accepts?

Automata was buzzing with activity. It was the 12th birthday of MinecraftOnline, and LordOfTheShadows was hosting a Connect4 game.

Naturally, there were admins in attendance, flying above the crowds. Jimmy was one of them.

"I gotta say," He started, "This is mighty impressive."

Lord took the compliment and gave a humble reply, "Oh this? It's nothing, really."

"Give yourself some credit, mine showing me around the inside?" Jimmy asked in an encouraging tone.

"It would be my pleasure." Replied the humble builder.

As she led the admin through the complex of wires and Craftbook, a tension started to rise when Jimmy made subtle advances.

"You see, this one here controls the 3rd row. I was able to make that by connecting an MCZ to a- What are you doing?"

Jimmy had started taking off his clothes. "Look, Lord. I didn't come here to learn about Connect4. I came here to fuck."

Lord was taken aback.

"W-what?"

"You heard me. What's to say you let me eat you out for a few minutes. I'll make it worth your time." He demanded, without dropping an octave.

"I'm saving it for a better man than you, Jimmy! I have a boyfriend!" She cried.

Jimmy looked her over once more.

"Your boyfriend doesn't have 2,000 tokens. If you just let me do this, it's yours."

LordOfTheShadows considered it. 2,000 tokens was around a thousand days worth of voting. Plus, it couldn't hurt to have her pussy licked, right?

"F-fine. Just get it over with, okay?" She accepted.

"Atta girl." Jimmy bent over as Lord braced herself to the wall.

As he undid the streams and intricate designs of her black fabric, he questioned what wonders she was hiding underneath.

Finally, her bare cunt was exposed to the stale air within the machine. Jimmy could barely hear the sounds of it starting up again, as new contestants entered the stand.

He darted his tongue out, taking an experimental lick of her snatch.

"O-oh!"

He held a finger to his lips. It wouldn't be hard for anyone outside to pick up on what he was doing.

He lapped up the juices spilling from her folds as she suppressed more moans of pure ecstasy.

"Jimmy! You're so good at this!" She applauded.

He thought to himself that practice makes perfect, but he couldn't say more than a gurgle over her stream of fluids dripping onto his face.

Eventually he drove her to climax, but that didn't stop him. He wanted to bring her to bliss again and again.

Once Lord started feeling pain from her over sensitive vagina, she pushed him off. His face was covered in her cum. His chin was covered in her slick slime.

Her head rolled back, relaxing from the oral she just received.

"God, that's gotta be the hottest thing I've seen." Jimmy commented, enchanted by her form.

She tried to mumble a response, but her words caught her tongue.

"Well, I've got to be going." Jimmy spoke, "They're expecting you soon."

As he walked away, he paused and turned back to her. "Oh, and the tokens should be in your account now."

Though, she didn't care about those silly tokens now. She was still recoiling from her well-spent first time.
